

### Automatic Filler 1 Nozzle RE2

Available 1 to 2 weeks after payment.

Available 1 to 2 weeks after payment.

Automatic plastic filler, with outer rubber ring to adjust the wine level inside the bottle.

User instructions (numbers in the image): Insert hose 1 into the carboy. Apply tube 2. Adjust the level inside the bottle by removing or replacing clamps 3. Adjust pressure indicator 4 between positions 3 and 4, so it triggers automatically at the end of each fill. Insert the automatic filler into the bottle 5. Open the faucet by pressing 6 down. Suck the tube 2 to start filling. For a new filling, press 6 down again.
